TIFFANY & Co.

Diamond and Gem Merchants, Goldsmiths, Silversmiths,
Stationers and Dealers in Artistic Merchandise

Out-of-Town Service

The facilities of Tiffany & Co.'s Mail Order Department place at the disposal of our out-of-town patrons a service approximating in promptness and efficiency that accorded to those making purchase in person

On advice as to requirements with limit of price, Tiffany & Co. will send photographs or careful descriptions of what their stock affords. This request involves no obligation to purchase

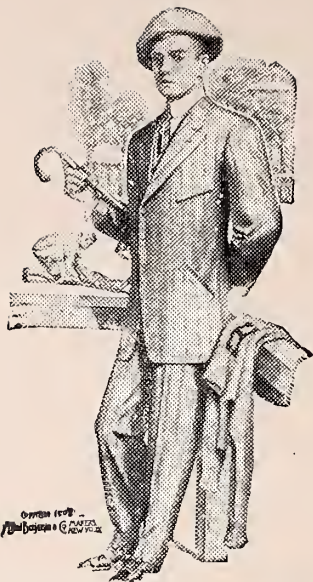

To patrons known to the house or to those who will make themselves known by satisfactory references, Tiffany & Co. will send for inspection selections from their stock

Tiffany & Co.'s wares are never sold to other dealers and can be obtained only from their establishments, in New York, Paris and London

Tiffany & Co. 1908 Blue Book

Tiffany & Co.'s 1908 Blue Book is a compact catalogue of 666 pages, containing concise descriptions, with range of prices of jewelry, silverware, clocks, bronzes, pottery, glassware, etc., suitable for wedding presents and other gifts — Blue Book will be sent upon request

THE Board of Editors, representing the Class of 1908 of Phillips Academy, Andover, Massachusetts, presents herewith the sixteenth volume of the POT-POURRI and the twelfth volume of the Senior CLASS BOOK. Six years ago the POT-POURRI and the CLASS BOOK were combined, and inasmuch as the plan has met with success, it has since been continued.

It was after much deliberation that the Board this year determined to depart from custom and precedent in the composition of the CLASS BOOK. In the individual histories we have changed from the literary to the statistical form, because it has been felt that heretofore the style of the biographies has been distasteful to individuals in its tendency to personal ridicule and insinuation. Furthermore, the Board feels that the tone and dignity of the book as a whole will be raised by the change, and that it will be a more accurate history of a year at old Andover.

In conclusion, the Class of 1908, through the editors of the POT-POURRI AND CLASS BOOK, desires to commend the reputation of old Phillips, now concluding its one hundred and thirtieth year of noble service, to the care of the incoming Senior Class, with the hope that its members may follow us in the endeavor to learn "the great end and real business of living".

CLASS HISTORIES

THE JUNIOR YEAR

IN September, 1904, sixty-six of us sheepish looking boys gathered in front of the Chapel, after having said good-bye to all our friends, and watched the upper classmen shake hands and joke with one another, while we silently looked on, wishing all the time that we were somewhere else. We overcame our timidity after a short time, and entered the Chapel in time to occupy the rear seats, in which we remained during the rest of the year. In Chapel, we heard that our first duty was to see Mr. Eaton in Room 4 to have our schedules made out for the coming term. That proved to be a very tedious task, especially to Mr. Eaton, who tried in vain to convince us that we could not have two studies at the same hour.

Many of us thought that our troubles were over, but all during the first day, we heard rumors of a certain Shakesperian Society and of their doings. We found out on the first Saturday, that these rumors were only too true. From that night, for the next two weeks, they forced their unwelcome presence on us, in spite of our attempts to evade them. They, however, soon grew tired of teasing us, because the football season had begun.

There were many old players on the squad, which numbered somewhere between fifty and sixty. The new material looked very promising, and it was thought that, under the leadership of coach "Pa" Corbin and Captain Thompson, a winning team could be lined up against Exeter in November. In the first game, we defeated Revere A. A. by a large score. As the season progressed and victories were won, our spirits and hopes for victory rose accordingly. When the final test came, Exeter won by the score of 35 to 10. Our class was not represented on the team, but "Harry" O'Brien made a good showing as quarterback on the second team.

The winter term soon came with its hockey, its basketball, its studies, and its "gym". In the latter, Dr. Page tried to impress on our youthful minds the rudiments of how to keep in perfect health,

POT-POURRI 1908

while Betteridge, a member of our class, instructed us how to dive through rings, how to make graceful angles with parallels, how to ride horses, and how to do other foolish things. During this dreary term, Captain Clough of baseball and Captain Thompson of track worked hard in order to defeat Exeter in the spring to make up for the defeat in the fall. In the B. A. A. meet at Boston, Exeter's relay team defeated ours, but the defeat caused a greater determination to win the track meet in May.

In the spring term, affairs assumed a more lively aspect. Outdoor exercises and athletics took the place of the steady grind in the "gym". In the early part of May, we were robbed of our chance to meet Exeter in track by a two weeks' vacation which resulted from a scarlet fever epidemic that spread over the school. In baseball we went up to Exeter with a team much weakened by sickness and by a loss of practice due to the forced vacation. We knew that every player would do his best, and, accordingly, we had hopes for a victory. We came back from Exeter on the night of the game as happy as larks, because we had defeated our old rival to the tune of 6 to 4. Until after eleven o'clock that night, Andover was kept awake by our celebration, which everybody who was there will remember all his life.

The rest of the year we spent in making up the work that we had neglected during the forced vacation, and in thinking what we would do to the "preps." when we became Junior Middlers.

BATES TORREY, JR.

JUNIOR MIDDLE YEAR

WHEN we returned to school in September, it certainly was a pleasant feeling to realize that we were "preps" no longer. We exulted in a limited superiority over our mates of the lower class, but we were subdued in the presence of our elders.

We started the long chain of yearly victories over our New Hampshire rivals by administering defeat to them in football by the score of 28 to 0. Dr. O'Connor coached the team that year. We had only one '08 man on the team, H. N. Merritt, who played quarterback, and who was elected captain of the '07 team. This victory in football was the greatest ever won.

Many of us were late in returning to school for the winter term because of severe snow storms which delayed all trains in this vicinity. The most important event in the winter term was the annual relay race with Exeter, which was won by Exeter. We had no class representatives on the relay team. We were meanwhile kept busy by the "gym." classes, interrupted frequently by hockey and basketball games. On the hockey team, '08 was represented by H. N. Merritt. We had two representatives on the basketball team, Gunning and Whitney. After a long hard term of work, we were prepared to enjoy the benefits of a spring term at Andover.

When the spring term came and we all returned, everyone looked forward to a pleasant term, and victorious track and baseball teams. The track team came out victorious over Exeter after a protest. The final figures were, Andover 48½, Exeter 47½. We were represented on the team by D. Knox, who is captain of this year's team. The baseball team was very successful, defeating Harvard, Yale, Dartmouth, Williams, Amherst, and other colleges. The only representative of '08 was H. N. Merritt, our best athlete. We ended the baseball season by defeating Exeter by the score of 3 to 2 on Brothers' Field. The celebration that followed will be remembered by all of us

POT - POURRI 1908

as the best in the history of the class, for it was the first year that Andover had been successful in our three great events.

Thus ended one of the greatest, if not the greatest, years of Phillips Academy, and one in which we are proud to say that 1908 was a strong class. Then we parted for vacation, satisfied with the work of the past school year, but with an earnest desire in our hearts for the time when we should all return and meet again as Middlers.

MIDDLE YEAR

AS usual the school year began with a rainy week, and the "preps" were correspondingly homesick. In spite of the weather, however, everybody managed to visit Brothers' Field to watch the football candidates being put through the preliminary practice under Captain Daly and Coach O' Connor.

The team progressed rapidly, and after winning the majority of games, beat Exeter on the tenth of November by the close but easily sufficient score of 6-0. On the team we had Merritt, Favorite, and Richmond; and they certainly did their part. Merritt was elected captain for 1908.

Meanwhile, after the fall track meet, the whole school had been set at work by Dr. Page, and the new game of "soccer" was set before us under the leadership of "Sid." So with the basketball schedule just begun, we left for our Christmas vacation on December nineteenth.

When we returned to the hard grind of the winter term, basketball was well under way, and hockey entertained us except when there was too much snow on the pond (and unfortunately this was the case most of the time). On these teams we were represented by Captain Merritt and Manager Washburn in hockey, and Whitney, Richmond, and Belford in basketball.

In the B. A. A. Interscholastic Meet, Andover was third, Worcester and Volkmann beating us out. Captain Kilpatrick, however, broke the record for the high hurdles, by winning the race in 6 1-5 seconds. In the annual relay race with Exeter, we were beaten after keeping the lead for most of the distance. In all the other events, however, Exeter "couldn't be seen for dust."

The musical clubs had been practising since early October, and during the winter term gave the delayed Fall Concert, together with a vaudeville sketch. They also made trips to Rogers Hall at Lowell, and Miss Chamberlyne's School in Boston. To wind up the

POT - POURRI 1908

season, the Spring Concert was given at the Town Hall, and then the clubs disbanded.

When we returned for the spring term, the baseball squad, under Captain Reilly, had been back for sometime, but on account of snow had been kept in the gymnasium. There was snow at the time scheduled for the first game, but after that the baseball season went along very smoothly. Finally, on June 8th, we all went up to Exeter and watched Andover win the annual baseball game by the score of 3-2. On the team were Belford, J. Reilly, Merritt, and Washburn for 1908, and after the game, J. Reilly was elected to captain the team for our Senior year.

Under Captain Kilpatrick the track team went to New Haven on May 4 and was beaten out by Mercersburg only in the Yale Interscholastic Meet. At the Harvard Meet, Andover won the cup for the second successive year. Andover did not send a team to the Princeton Interscholastic Meet, but Captain Kilpatrick went alone and won third place for his school by individually scoring 14 points. Finally, on Memorial Day, we ran away from Exeter in the track meet and won by the score of 56 1-2 to 39 1-2. On the track team were three 1908 men: Knox, Hamilton, and Gardner; after the Exeter Meet, Knox was elected to the captaincy of the team for 1908. So we earned three celebrations, and after Commencement and the entrance examinations we left for our summer vacations.

SENIOR YEAR

WITH the consciousness of realization that we at last were Seniors with a capital "S", we threw our grips into "Jim's" hack and had him drive us, a few at a time, up the familiar old hill. After registering for the last time, we tried to get a fifteen hour schedule past Mr. Forbes and Mr. Scheffy, but it was no go. The first afternoon we strolled up to Brothers' Field to see what kind of squad "Dick" Merritt had on the football field. This year Mr. Lillard, of the faculty, an old Dartmouth football man, was to coach the team, Dr. O'Connor having been called to take charge of football at Dartmouth, his former college. When the great day, November 9th, came round, we again, for the third consecutive time, saw "the Exeter stands grow silent" when Captain Merritt of 1908 and his team ran up a score of nine points against six for Exeter. To wind up the football season, 1908 won the class championship from 1910 in a well-matched game. The Musical Clubs gave a concert shortly before we left for our Christmas vacation, 1908 being represented by seventeen men.

Plenty of ice was to be had on Martin's, Pomp's and Rabbit when we arrived from three weeks of pleasure, and Dr. Page was very generous with his excuses to go skating instead of working us and the young crowbars in the "gym." to death. As the rink on the Old Campus failed to materialize, Captain Merritt and his hockey team had to practise on Rabbit's Pond. The team, on which were Merritt, O. R. Dunn, J. S. Kimball, and S. H. Brooks, for 1908, compared favorably with those of past years. Up in the gymnasium, meanwhile, the basketball team had been making things lively under the leadership of Captain Richmond, '08, and closed a good season on March 11th by defeating Lowell Textile. Manager Isett, '08, deserves credit for an excellent schedule. On the team for 1908 were S. Brown, Finnessy, and Captain Richmond.

It was at the B. A. A. meet that Andover got her first real setback in athletics. Exeter defeated her in the most exciting relay race of the afternoon. Captain Knox of the track team represented 1908

POT - POURRI 1908

on the relay. Volkmann School of Boston won first place, Andover being tied with Worcester Academy for fourth place.

While the athletes were winning H A T's, B A B's, and A A A's, the "preps" on the musical clubs were trying to break hearts, and to do the social act at Rogers Hall and Miss Chamberlyne's School. The next event to break the grind of the winter term was the promenade, given by the Middlers to 1908. It was a great success, and will be remembered by all who attended as one of the pleasantest and jolliest events of our last year. To close the school activities of the term, on March 21, there was held in the Town Hall the first annual joint concert with the Exeter Musical Clubs. The concert was in every way very successful, and 1908 hopes that there will be many more joint concerts. The Class was represented in the concert by Day, leader, Brooks, Lansing, Ray, Thomas, Tristram, Pratt, Gifford, Gardner, Jones, and Pittman on the Mandolin Club; Twombly, Sherman, Bowles, Tolles, Day, Jones, and Gardner on the Banjo Club; and Gardner, Loughran, Pittman, Tolles, Warnock, Barry, Gross, Bradley, Mueller, Twombly, Torrey, and Stiles on the Glee Club.

The cold, the bad walking, the "cuts", the "flunks", and that last week of "exams" are now memories of the past as we stroll about our old green hill for the last term of our school lives here. The Harvard interscholastic meet came earlier this year than usual, and we wiped out our score with Exeter in that meet by capturing second place with 26 points, only one point behind Worcester Academy, the winner of the meet. Of the ten events in which Andover and Exeter were both represented, we came out ahead in seven. Gardner, '08, broke the record for the pole vault, clearing the bar at eleven feet and three-quarters of an inch. Among the point winners for Andover in 1908 were Knox, Brooks, Finnessy, and Gardner. It looks as if the track team were going to add another victory to our already long string. As for baseball, we have no fears that with the team Captain Reilly will turn out for June 6th, we will not enjoy a final celebration before we leave old Andover forever. 1908 boasts of the following men who are "making good", Merritt, Isett, Moore, O. R. Dunn, and Pierce.

It is with the rapid approach of Commencement and Class Day that we realize now for the first time the value of what the atmosphere of old Phillips means to us. With its deep and broad foundation, its history of untiring service, its famous alumni, and its power of making men, this old school has given us that which nothing can take away,—the Andover Spirit.

R. S.

LITERARY

LITERARY genius is as unstable and uncertain as the proverbial "mutabile femina." Four years ago, when 1908 first raised its inexperienced and infant head among the other classes and was known for a year as "prep", no shining lights in the literary field appeared who bid fair to don the laurel wreath and wield the quill. But the youthful sons of 1908 did not feel abashed at this unpretentious beginning, but were rather consoled by the thought that most Junior classes in years gone by had fared no better than they; so they contented themselves with gathering strength for the coming years.

In the Junior Middle year, 1908's influence began to be felt, and the class secured many coveted prizes in the world of the pen, stage, and platform. On the *Phillipian* were R. T. Waters and J. C. Thomas. The class was represented on the *Mirror* by F. R. Conklin, assistant managing-editor, and Thomas on the associate board. B. F. Frame was also an able member of the Dramatic Club, and C. W. Hamilton won third prize as an orator in the Draper competition.

As Middlers, the number of men of 1908 on the various organizations increased. Most of the leading positions on the *Phillipian* were held by members of the class, of whom J. L. Malcolm was managing-editor, C. D. Chapin, assistant business-manager, Thomas assistant managing-editor, and F. W. Hyde, Jr., an associate editor. The *Mirror* had Thomas as managing-editor. As orators, the men in the class had risen considerably. A. R. Simpson, E. H. Mead, and T. Clarke spoke in the Means contest, and to show that they believe in doing a thing well, these three men were also in the lists for the Draper Prizes.

1908 entered nobly upon the duties as a leader in the literary life of the school when the long-awaited Senior year began. The *Phillipian* is being managed this year by J. C. Thomas as managing-editor, and S. H. Tolles, business manager. S. H. Bowles is on the associate board. The POT-POURRI has a good representation of 1908 men, R.

POT - POURRI 1908

Stiles being managing-editor and A. P. Foss business-manager. W. L. Wallace and D. W. Dunn are members of the associate board. The sole member of the class on the *Mirror* board is J. C. Thomas. In the Means speaking S. H. Bowles won the third prize for 1908. The Draper competition has not yet been decided, but the class is certain to carry off its share of the honors. The Potter prize speakers for Commencement Day were chosen, six in number, as follows: W. R. Barbour, G. C. Logan, G. M. Osgoodby, W. Platt, J. B. Savage, and J. C. Thomas.

There remains no more to record of the literary work of the men of 1908. Each has done his share to uphold the reputation of the school and do a little toward the good of Andover and her history. Everything has been carried out on good, steady lines of development, and as each member of the class reviews each of the four years he may rightly feel proud that in the hands of 1908 the literary standard has not fallen.

JAMES C. THOMAS.

THE OLD CHAPEL

ATHLETICS

THE Class of 1908, we may say, has been the luckiest class which has ever been graduated from P. A. This means in respect to the victories over Exeter. The Class has seen eight straight victories so far and at the present time hopes for a couple more.

This Class entered as "preps" in the fall of 1904. Like all "prep" classes, they had no representatives on the teams that year, with the exception of Shannon, who played on the tennis team which went down to defeat. Our class teams that year were defeated like those of all "prep" classes. Anyhow, we got the hang of things and were more ready to offer our members the following year. We were shown, however, that year what a defeat and what a victory mean. We saw the football team beaten 35-10, and the defeat cast a gloom over the whole school for a while. The track team that year did not meet Exeter on account of the scarlet fever epidemic in school. We had Whitney to represent us on it. Then came the baseball game with Exeter. Our team was led by Charles Clough, and it beat Exeter, 6-4. This victory gave us a taste of a celebration, and we decided right there that we liked the flavor of one and would have as many as possible.

The next year we were no longer "preps", and we set out with the consciousness of that fact to back us. We won the football game that fall from Exeter by a score of 28-0. This was due to the wonderful coaching of Dr. O'Connor, of Dartmouth. The class was represented on this team by Jackson and Merritt. Gunning represented 1908 on the second football team. Our class football team gave a great exhibition, but was defeated by 1906. That winter our class basketball team gave the Senior team another rub. On the varsity basketball team the class was represented by Whitney and Gunning. Next came the track meet with Exeter at Exeter in the spring. We beat Exeter, 48½ to 47½. The class was well represented here by Knox and Richmond, Richmond breaking the Andover-Exeter record for the broad jump, with a jump of 21 feet 8 inches. Then came the big base-

POT - POURRI 1908

ball game with Exeter, at Andover. The class saw still another victory. On that team 1908 had Gunning and Merritt. Our class baseball team finally won class numerals by defeating the Seniors in a scrappy game. Thus ended our "ex-prep" year.

The fall soon came around, and we came back with a still greater desire to beat Exeter and see the class help do it. That fall we again beat Exeter in football. We were represented on the team by Favorite, Richmond, and Merritt. 1908 again won class numerals in the class football championship. In the winter we were again represented on the basketball team by Whitney, Belford, and Richmond. Again we lost to the Seniors in class basketball.

The track meet with Exeter came to us, 56 1-3 to 36 2-3, the class being represented on the team by Knox, Gardner, and Morrison. We made it three straight by winning the Exeter baseball game of 1907 by 3-2, at Exeter. The class contributed Belford, J. A. Reilly, and Merritt to that game. Thus our third year ended most gloriously.

The next fall and our last started in with football, and 1908 wound up her football career with a victory over Exeter on November 9th by a score of 9-6. Merritt was the only man on the team for 1908. The class, after a hard struggle, won the class championship by defeating 1910. This winter we had on the basketball Captain Richmond, Belford, Finnessy, Brown, and Manager Isett. The class lost the basketball championship to 1910 in a great game.

The prospect now of cleaning up Exeter in everything in our last year is good. Captain Knox, of 1908, leads the track team for the school, and the baseball team under Captain Reilly will win out. 1908 has surely been the luckiest and the best class that has ever entered P. A., and has always shown the best spirit at all class events.

H. N. Merritt.

AS usual, the early part of the fall term found the Musical Clubs hard at work after the trials, which, this year, were very large and successful. The first concert was given in the Town Hall on December 6th, when a new feature, a school quartette, was introduced.

During the winter months, the clubs took two out of town trips. The first trip was on February 1st, when the combined clubs went to Rogers Hall School in Lowell. After the next concert at Miss Chamberlyne's School, Boston, on March 7th, the clubs settled down to the serious work of the year—preparing for the joint concert with Exeter.

Through the efforts of the executive committee of the Andover musical organization, this year, for the first time in the history of the two schools, a joint Andover-Exeter concert was held. The combined clubs met in the Town Hall, Andover, the evening of March 21st, and rendered a successful programme to a crowded house. The object of this concert, which it is hoped will henceforth occur every year, is to allow the representatives of the two schools to meet on a social, rather than on a competitive athletic basis, and in so doing to increase the cordial relations now existing.

DEBATING

URING our four years at school, debating has had its "ups and downs." Starting off in good shape, it had a bad decline and again started on the upward road. In 1904-05 interest in debating was very general, and a large number of men regularly attended the meetings of both Philo and Forum. The inter-society debate called forth a keen rivalry, and it was only by the aid of an especially strong team that Forum finally came out a victor. The members of the winning team were Meigs Oliver Frost, Henry Gemmer, and Neal Townly Childs.

Next year started out well for both societies, but the flying months found Philo slightly behind Forum in both numbers and spirit. Meigs Oliver Frost, Louis Aloysius Mahoney, and Paul Michael Piel, who composed the Forum team, won the annual debate. This year marks the first of the Andover-Exeter debates. The man who conceived this idea and did the most to push the project through was Paul Michael Piel of Forum. At his suggestion the constitution of the Phillips Academy Debating Union was drawn up. The object of the Union is to "expediate business among its members and to provide for and make arrangements for debates between Phillips Academy and organizations of other schools." The first annual debate was won by Exeter. Andover's side was ably supported by Meigs Oliver Frost, Louis Aloysius Mahoney, and Guy Spaulding Deming.

Our Middle year did not find the interest in debating at all keen. Philo was the greatest sufferer. At times the small attendance was extremely discouraging. Forum won the annual debate for the third time, represented by Edward Jerome Webster, Oliver Eugene Mosser, and Henry Gemmer. We, however, had the satisfaction of winning the inter-academy debate. On the Andover team were Edward Jerome Webster, Henry Gemmer, and Matthew Griswold Ely.

It was with a rather discouraging outlook, on account of the lack of interest, that we began this year. Gradually, however, things began to look brighter. The interest has increased steadily as the year has advanced. Philo was at last led to a victory over Forum by William Nelson Allen, Washington Platt, and Sherman Hoar Bowles. Both societies seem to have left the low-water mark behind for good, and now show promise of even more prosperity in years to come.

GRINDS

The Cruise of The Faculty Ship

The *Faculty* ship pushed off *York* Beach and, with *Swift* course, headed straight for dear old *Phillips*. In the bow stood *Forbes*— the only *Freeman* on board, though even he had once *Benner* hiring. He alone was on deck, the rest being *All-en* the hold *Eaton Graham* crackers, with one fig *Newton* apiece, which the *Scheff(y)* had passed around. They all came up in *Lyn(de)*, however, when Charley howled out :

“Boys, the *Stearn-s* under water !”

They looked, and seeing it was indeed so, each ran to his post. Then *Charley*, in fluent *French*, reading directions from the *Page* of a book, continued to give orders.

“Boys, give her *Moorchhead* ! *Poynter* west and *Keep* her there !
And—

But his remarks were cut short! The ship struck a (*Stack*)*pole*. Quickly it began to sink; but, in the (*Par*)*melce* that followed, one shrill voice could be heard above all others, crying:

“Help! Help! I’m all *Hin*(*man*)!”

But struggle was in vain, and one by one they all sank into their watery *Graves*.

IN “PREP.” LATIN

MR. POYNTER: “Koop have you ever seen the word “*nemo*” before?”

KOOP: “Yes, it’s a joke in the *Boston Herald*.”

SECOND WISE ONE—The Glee Club.

FIRST “STUDE”—Why?

“WISE ONE”—Because it creates harmony.

C is for Coleman, who's got a swelled head,
D is for Decker, enough has been said,
E stands for Elliott, a cute little boy,
F is for Faculty, decidedly Coy,
G stands for Gelshenen, a permanent blush,
H is for Hamilton, who never get's fussed,
I stands for Ingraham, Oh my lord!
J stands for Jones, who always looks bored,
K is for Kuhn—well known by fame,
L stands for Loughran, but what is his name,
M is for Mayberry, rich baby, how mean!
N is for Nute, not awake from his dream,
O is for O'Connor, who's quite a sun-beam,
P stands for Pfau, well known as vain,
Q stands for Quentin (Reynolds), from Montclair nearby,
R stands for Richmond, who thinks he's quite sly,
S stands for Scribner, an awful fusser,
T stands for Tolles, the "would-be" hustler,
U is for Ungvary, not seen much in the show,
V stands for Verbeck, so fresh you know,
W is for *Wallace* who will get all the tin,
X has been fired for a terrible sin,
Y is for you who reads this rhyme,
For it will do you some good some time.

PHILLIPS ACADEMY

ANDOVER, MASSACHUSETTS

ALFRED E. STEARNS,

Principal.

The Academy prepares large classes of young men for College, the scientific schools, and in some cases for the professional schools.

The faculty consists of thirty-one professors and instructors.

The pupils this year number over four hundred and fifty, less than one-half of whom are from New England, and the others from more distant places.

The next term begins September 16, 1908, with vacations at Christmas and Easter.

The expenses vary from \$300.00 to \$500.00 a year, according to the accommodations selected.

The income of benevolent funds and scholarship endowments amounts to five thousand dollars a year.

The present needs of the Academy are funds for building, for teachers' salaries, and for general current expenses. For further information and for copies of the annual catalogue, address,
